Dear Anastasios,

As discussed, enclosed for your review are the budget proposals from Verum Staticon, Concepts in Pharmaceutical Research, Inc, and Quintiles for the conduct of our Phase III study (Study No. 25,512-301R). Also enclosed is a summary of the three proposals and GloboMax's budget for data management and report writing. Please note that we also are waiting for a proposal from ICON (West Conshohocken, PA).

I look forward to your comments on this matter.
